Disadvantaged Business Enterprise Liaison Officer:

This letter is in reference to the FAA Disadvantaged Business Enterprise (DBE) fiscal year 2016-2018 overall goals that you submitted for the STT & STX Airports in the U.S. Virgin Islands. Our review considered the overall goals as well as the description of the data and methodology used in arriving at the goals. Based on our review, we have determined that the goals meet the standards set forth in 49 CFR Part 26, Department of Transportation regulations. The overall goal, covering the period October 1, 2015 through September 30, 2018, is described as follows:

- Overall goal: **11% Overall DBE Participation**
- To be obtained through 11% Race-Neutral and 0% Race-Conscious means

If you need to make any significant changes to the program or goals during the period covered, please submit the revisions to me at [Keturah.Pristell@faa.gov](mailto:Keturah.Pristell@faa.gov) for review. Also, if you have any questions regarding the DBE program, please contact me at 404-305-5734 or via email.

Sincerely,

*Keturah Pristell*
