## **Update – CEKA Terminal Freight Elevator Will Be Used for ADA Compliance Only While Main Elevator is Replaced**

Acting Executive Director David Mapp announced yesterday that the passenger elevator at the Cyril E. King Airport Terminal is being replaced and will be closed to the public for a month, and that the freight elevator could be used to access the second floor of the terminal.

Mapp wishes to clarify that the freight elevator will **only** be available for meeting the Americans with Disabilities Act requirements. He asks that the general public utilize the stairs in the terminal to access the second floor while the new elevator is being installed. Mapp also apologized to the public for the temporary inconvenience.

For assistance or special circumstances, the public may contact the airport manager's office at (340) 774-5100. The VIPA Airport Manager's office, VIPA Law Enforcement department, and VI Department of Planning and Natural Resources offices are located on the second floor of the terminal.
